

Part Number: N/A

Model Code: HE2BS01220172A80AN6K2BK9A00

## Product Capabilities

|                                  |   |
|----------------------------------|---|
| Code - Pump Displacement         | 20 - 2.0/122 W Series Pump                |
| Pump Maximum Continuous Pressure | 3335 PSI / 230 BAR                        |
| Code - Relief Valve Setting      | 172 - 172 Bar (2494 PSI)                  |
| Code - Flow Control Setting      | A - None                                  |
| Code - Reservoir Size / Material | AN - 9.5 LTR (2.5 GAL) STEEL, RECTANGULAR |
| Recommended Operating Viscosity  | 12 - 800 cSt (66 - 3600 SSU)              |
| Maximum Cold Start Viscosity     | 2000 cSt (9000 SSU)                       |
| Operating Temperatures           | -25°C - +80°C (-13°F - +175°F)            |
| Fluid Cleanliness                | ISO 18/14 or better                       |

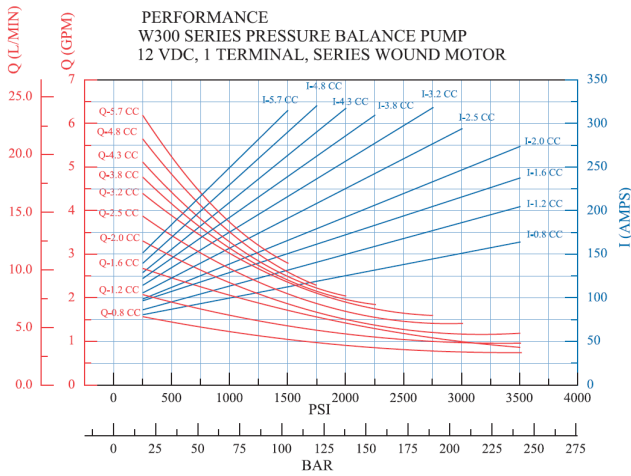

## Hydraulic schematic

Concentric Rockford Inc.  
 2222 15th Street Rockford, IL 61104

## Motor Performance

These are performance curves for your power unit. You can use these curves to determine the amp draw and performances as well as run time restrictions.

For these charts, start on the horizontal axis and go up to find you parameters. THE S2/S3 % for DC motors are measured in minutes and % of a 5 minute duty cycle respectively.

## Assembly Kit List

HE2000 power units can easily be assembled from kits in our 130 standard capabilities program.

These kits can be purchased through your local distributor and assembled. Below is a list of the kits and quantities required for your power unit.

| Kit Description          | Kit Number | Qty. |
|--------------------------|------------|------|
| Adapter Kit              | #1303650   | 1    |
| Port Plug Kit            |            |      |
| AC Motor Adapter Kit     |            |      |
| Valve Kit                | #1303529   | 1    |
| Solenoid Coil Kit        | #1300914   | 1    |
| Manifold Kit             | #1300866   | 1    |
| Cavity Plug Kit          |            |      |
| P.O. Check Kit           | #1303538   | 1    |
| Riser Block Kit          |            |      |
| Bolts Kit                |            |      |
| Pump Type Kit            | #1303438   | 1    |
| Relief Valve Setting Kit | #1303661   | 1    |
| Flow Control Valve Kit   |            |      |
| Motor Kit                | #1300027   | 1    |
| Reservoir Kit            | #1300908   | 1    |
| Start Switch Kit         | #1300939   | 1    |
| Tube Kits Kit            | #1300874   | 1    |
